

CFA Quality Check

Making sure the assessment is aligned, clear, and useful.

Why this meeting matters

This prevents teams from giving an assessment that is common in name only. The team needs to know exactly what each item measures and how results will be used.

Meeting 10 • Wednesday, January 13, 2027 • 45 minutes

Focus	Will this assessment give us the evidence we need?
Leave with	Final CFA, scoring plan, and assessment timeline.

Agenda — step by step

Time	What the team does
0–5 min	Review the draft. Look at the assessment as a team.
5–20 min	Pressure-test each item. Use the ACID test — check each item against its target.
20–30 min	Agree on scoring. How will everyone score it the same way?
30–38 min	Plan data collection. Decide how you'll record results by student and by target.
38–45 min	Set the timeline. Choose the assessment window and the data-review date.
