

CFA Data Review

Analyzing evidence of student learning.

Why this meeting matters

This is one of the most important meetings of the year. Teams move from "I taught it" to "Did they learn it, and how do we know?"

Meeting 13 · Wednesday, March 3, 2027 · 45 minutes

Focus	How did students do, target by target?
Leave with	Student groups by learning target.

Agenda — step by step

Time	What the team does
0–5 min	Set the tone. Remind everyone: data is evidence, not judgment.
5–15 min	Read results by target. Look target-by-target, not just at total scores.
15–30 min	Sort students. Group into proficient, not-yet-proficient, and ready-for-extension.
30–38 min	Find patterns. Compare across classes — what seemed to work?
38–45 min	Pick a priority. Choose the target to focus intervention and extension on.
