

Teacher Learning From the Data

Using results to improve adult practice.

Why this meeting matters

This meeting protects the PLC process from becoming only about student deficits. The question is not just "Which students didn't learn?" It is also "What did we learn as teachers?"

Meeting 14 · Wednesday, March 17, 2027 · 45 minutes

Focus	What did we learn from the results?
Leave with	Teacher learning reflection.

Agenda — step by step

Time	What the team does
0–5 min	Review the patterns. Re-anchor on what the data showed.
5–20 min	Find what worked. Which strategies produced the strongest results?
20–30 min	Compare without blame. Discuss differences openly and safely.
30–40 min	Decide next moves. What will you replicate, revise, or stop?
40–45 min	Capture it. Record the team's learning before planning intervention.
