

Intervention/Extension Check

Monitoring the response.

Why this meeting matters

This is the fourth intentional buffer. New systems rarely work perfectly the first time. This meeting normalizes adjustment instead of treating missteps as failure.

Meeting 16 · Wednesday, April 21, 2027 · 45 minutes

Focus	Is our response working?
Leave with	Adjusted intervention/extension plan.

Agenda — step by step

Time	What the team does
0–10 min	Share what happened. How did intervention and extension actually go?
10–25 min	Review the evidence. Look at student participation and progress.
25–35 min	Adjust. Tweak the plan where it isn't working — missteps are expected.
35–43 min	Confirm reassessment. Lock the reassessment plan.
43–45 min	Agree on evidence. Decide what to bring next time.
